

Take Back Your Health— Quit Smoking or Vaping in as little as 21 Days

Craving to Quit is an innovative 21-day evidence-based smoking and vaping cessation program. It helps change behaviors by teaching you how habits are formed, and then how to break them. Through awareness exercises, you can retrain your brain to make smoking or vaping seem unappealing instead of satisfying.

Programs and services are subject to change. Members have access to Sharecare through current enrollment with Health Net of California, Inc. or Health Net Life Insurance Company.
