HOSPITAL RATINGS AVAILABLE FOR YOUR USE

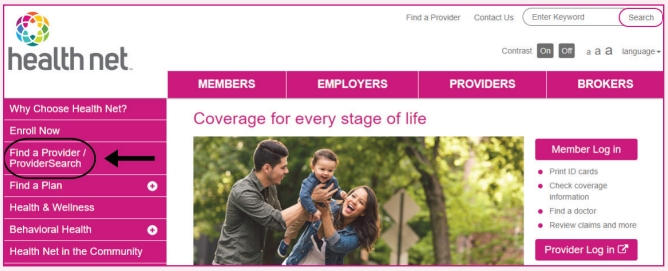
Whether you are planning for surgery or want to stay informed, you can now check how well a hospital rates on key areas of care. We link to the Cal Hospital Compare tool where you can find out how hospitals perform on:

- Patient safety practices and complication rates
- Maternity care outcomes
- Experience levels with specific procedures
- How other patients rated their experience of care. For example, whether they would recommend the hospital to family or friends.

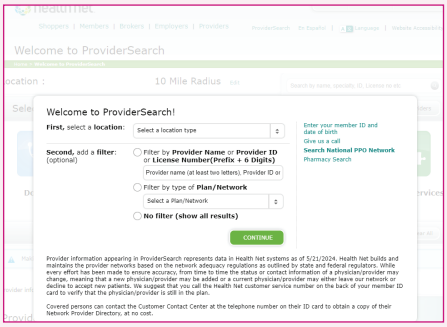
From our website at **www.healthnet.com**:

1 Find hospitals that are covered under your plan.

- Go to *Find a Provider/Provider Search*.



- Select your location, then your Plan/Network. Click Continue.



- Choose the Hospital icon. The hospitals in your plan's network will display.

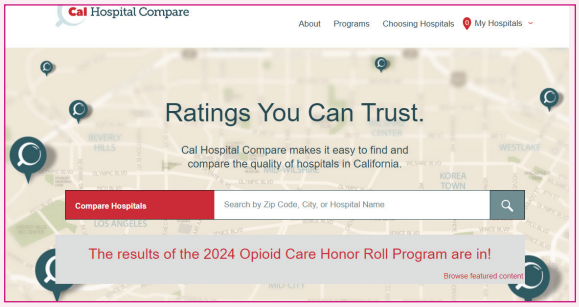
2 Select View Details on the hospital you want to look at.

- Then select the *Cal Hospital Compare* link to reach **CalHospitalCompare.org**.
- In the Compare Hospital search field, enter a hospital's name or your ZIP code. Click the search icon.



- Click on the hospital's name in the left bar. A page of information on the hospital will open.

3 Explore the different types of ratings for the hospital.

- Areas of care are available to click on. The hospital's performance vs. the state average will display.
- If the hospital is on an Honor Roll, the specific Honor Roll icon will be displayed on the page.
