Please Take This Survey on Targeted Rate Increase Payments

Dear Administrator:

Understanding your role in compliance with DHCS requirements

California Department of Health Care Services (DHCS) APL 24-007 (Targeted Rate Increase) states: "MCPs, **and their Subcontractors and Downstream Subcontractors as applicable**, must achieve full compliance with this APL by December 31, 2024."

As an organization formally delegated for claims payment in your delegation agreement with Health Net*, you are defined as a Subcontractor by DHCS and are obligated to achieve compliance with APL 24-007.

Furthermore, your agreement with Health Net requires your compliance with DHCS requirements. Without waiving these requirements, Health Net is seeking to understand current levels of compliance with Targeted Rate Increase (TRI) requirements.

Please take the survey linked below to indicate the level of your compliance with DHCS' TRI requirements as a participating physician group responsible for making TRI payments.

If you are in compliance with TRI requirements, in addition to completing the survey, please also complete the [TRI Sub-Capitated Compliance Attestation](#).
