### **Health Net Provides Assistance to Cranston Fire Evacuees in Riverside County**

**RIVERSIDE, Calif. – July 27, 2018** – [Health Net of California, Inc.](#), one of California's largest health care service plans, announced today that it is providing assistance to members of Riverside County affected by the Cranston Fire.

Health Net is helping ensure that plan members who have lost their homes or have been evacuated due to current wildfire activity in Riverside County have access to essential prescription medications, critical Health Net information and other healthcare services to help them cope with grief, loss, stress or trauma.

On July 26, 2018, Gov. Jerry Brown declared a state of emergency in Riverside County due to the effects of the Cranston Fire, which has destroyed homes and structures, threatened critical infrastructure and caused the evacuation of residents.

#### **Prescription Information**

Health Net will approve any essential prescription medications (with current copayments and deductibles) for any Health Net member in Riverside County whose medicine was lost in a fire or remained behind during an evacuation. To obtain an emergency supply, affected members need to return to the pharmacy where the original prescription was filled. If the pharmacy is not open due to the state of emergency, or for questions or assistance, Health Net members should call 1-800-400-8987.

#### **Coping Assistance**

Health Net members who have lost their homes or have been evacuated due to the current wildfire should contact MHN, Health Net's behavioral health subsidiary, for referrals to mental health counselors, local resources or telephonic consultations to help them cope with stress, grief, loss or other trauma resulting from the fire. For the duration of the fire and its immediate aftermath, affected Health Net members should contact MHN 24 hours a day, seven days a week at 1-800-227-1060.

## **Information for Healthcare Providers**

Health Net is taking steps to help ensure that healthcare providers in areas affected by the wildfire are able to continue providing for Health Net members' medical needs. Healthcare providers who contract with Health Net should call 1-800-641-7761 for guidance on prescription refill guidelines, length of time to obtain authorizations for treatment, or approval for out-of-network services in the event a contracting provider or facility becomes unavailable.

## **Other Important Information**

Depending on how the fire situation progresses, Health Net may make additional changes to its policies as needed to help ensure members have access to necessary healthcare services.

## **About Health Net**

Health Net of California, Inc., a wholly owned subsidiary of Health Net, Inc. and Centene Corporation (NYSE: CNC), provides and administers health benefits through group, individual, Medicare (including the Medicare prescription drug benefit commonly referred to as "Part D"), Medical and dual eligible programs. Health Net also offers access to behavioral health, substance abuse and employee assistance programs, and managed healthcare services related to prescription drugs.
